

Engineering Industry.
Powering Progress.

PRODUCT PROFILE

Mitsubishi Electric

Factory Automation solutions from Japan's leading electrical manufacturer, PLCs, HMIs, Servo Systems, Inverters, Switchgear, Robots and more. Genuine products, full warranty, technical support through SSC Control.

iQ-R Platform

MELSEC PLC

GOT HMI

FR-A840 VFD

MELFA Robot

CC-Link IE

ABOUT SSC CONTROL

Your single source for Mitsubishi Electric

Leading industrial automation, safety solutions, and electrical distribution for over 60 years. Your link to excellence. SSC Control is the No.1 channel partner for Mitsubishi Electric, supplying the complete factory-automation range with genuine products, competitive pricing and expert technical support.

PRODUCT RANGE

Mitsubishi Electric, Full Product Portfolio

01	Programmable Logic Controllers	PLCs, MELSEC Series
02	Modular I/O Modules	Modular I/O, MELSEC Series
03	Human Machine Interfaces	HMI's, GOT Series
04	GOC Controller (HMI + PLC)	HMI-PLC Combo, GOC Series
05	Servo	Servo, MELSERVO Series
06	Inverters	Inverters, FR Series
07	Industrial Robots	Robots, MELFA Series
08	Motion Controllers	MELSEC Motion Series
09	Air Circuit Breakers (ACB)	ACB, Air Circuit Breakers
10	Moulded Case Circuit Breakers (MCCB)	MCCB, Moulded Case Breakers
11	Miniature Circuit Breakers (MCB)	MCB, Miniature Breakers
12	Residual Current Circuit Breakers	RCCB / ELCB, NV Series
13	Magnetic Contactors & Starters	Contactors & Starters
14	Thermal Overload Relays	Overload Relays, TH-T Series
15	Energy Meters & Measuring Units	Energy Measuring, EcoMonitor

01

PLCS, MELSEC SERIES
Programmable Logic Controllers

iQ-R, iQ-F, Q Series, L Series and FX Series PLCs for every scale of automation, from compact machines to large plant-wide systems.

SERIES
MELSEC iQ-R Series | Flagship / Large-Scale

MELSEC iQ-F Series | Compact / Next-Gen

MELSEC-Q Series | High-Speed Modular

MELSEC-L Series | Standard / Rackless

MELSEC-F (FX) Series | Micro / Cost-Effective

MELSEC-QS / WS Series | Safety PLC

02

MODULAR I/O, MELSEC SERIES
Modular I/O Modules

Digital and analog input/output modules for MELSEC iQ-R and iQ-F PLCs, flexible, high-density I/O for any control architecture.

SERIES
Digital I/O | Input / Output

Analog I/O | A/D & D/A

Temperature Control | RTD / Thermocouple

Network Modules | CC-Link IE / Ethernet

03

HMIS, GOT SERIES
Human Machine Interfaces

GOT2000 and GOT SIMPLE Series touchscreen HMIs with built-in Ethernet, high-speed display, and compatibility with all major PLCs.

SERIES
GOT2000 Series | Flagship HMI

GOT3000 Series | Established

GOT SIMPLE (GS) Series | Entry / Simple

04

HMI-PLC COMBO, GOC SERIES
GOC Controller (HMI + PLC)

GOC35 all-in-one Graphic Operation Controller combining HMI display and PLC logic in a single compact unit, ideal for cost-sensitive machines.

SERIES
GOC35 | Monochrome / Compact

GOC43 | Colour Touch

05

SERVO, MELSERVO SERIES

Servo

MR-J5 and MR-JE Series servo amplifiers and motors for high-speed, high-precision positioning and motion control applications.

SERIES

MR-J5 Series | Latest / Flagship

MR-J4 Series | Established

MR-JET Series | Compact / Economy

MR-JE Series | General-Purpose

06

INVERTERS, FR SERIES

Inverters

FR-A800, FR-F800, FR-E800 and FR-D700 series inverters for motor speed control, energy saving, and process control from 0.1 kW to 630 kW.

SERIES

FR-A800 Series | High-Performance

FR-F800 Series | Fan & Pump

FR-E800 Series | Compact High-Function

FR-D800 Series | Compact Standard

FR-CS80 Series | Micro / Cost-Effective

07

ROBOTS, MELFA SERIES

Industrial Robots

MELFA RV and RH series articulated and SCARA robots for welding, assembly, handling, and palletising with iQ-R controller integration.

SERIES

RV Series | Vertical Articulated

RH Series | SCARA

MELFA ASSISTA | Collaborative

CR800 Controller | Robot Controller

08

MELSEC MOTION SERIES

Motion Controllers

Multi-axis motion controllers for synchronised axis control, cam control, and advanced motion profiles integrated with MELSEC PLCs.

SERIES

MELSEC iQ-R Motion | Modular Motion

Simple Motion | Positioning

Standalone Motion | Standalone CPU

09

ACB, AIR CIRCUIT BREAKERS

Air Circuit Breakers (ACB)

AE-SW series air circuit breakers for main incomer and distribution protection up to 6300 A with advanced electronic trip and metering.

SERIES

AE-SW (Super AE) Series | Up to 6300 A

10

MCCB, MOULDED CASE BREAKERS

Moulded Case Circuit Breakers (MCCB)

NF series no-fuse / moulded case circuit breakers for feeder and motor circuit protection with high breaking capacity and UL / IEC ratings.

SERIES

NF-CV Series | Fixed / Economy

NF-SV Series | Fixed / Standard

NF-SEW Series | Adjustable / Electronic

11

MCB, MINIATURE BREAKERS

Miniature Circuit Breakers (MCB)

BH-D series miniature circuit breakers for final distribution and control circuit protection, compact DIN-rail devices to IEC 60898.

SERIES

B Type | B Curve

C Type | C Curve

D Type | D Curve

12

RCCB / ELCB, NV SERIES

Residual Current Circuit Breakers

NV series earth-leakage circuit breakers (ELCB / RCCB) for personnel and equipment protection against earth faults and leakage currents.

SERIES

NV-C / NV-S Series | Earth Leakage

13

CONTACTORS & STARTERS

Magnetic Contactors & Starters

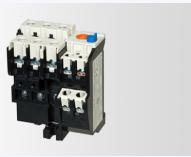

S-T and MS-T series magnetic contactors, starters and thermal overload relays for reliable motor switching and protection.

SERIES

S-T Series | Compact

S-N Series | Standard / Larger

14

OVERLOAD RELAYS, TH-T SERIES

Thermal Overload Relays

TH-T series thermal overload relays for reliable motor overload protection, combining seamlessly with S-T and S-N magnetic contactors.

SERIES

TH-T Series | Motor Protection

15

ENERGY MEASURING, ECOMONITOR

Energy Meters & Measuring Units

EcoMonitor (EMU4) energy measuring units for power, energy and demand monitoring, enabling energy management and ISO 50001 visibility.

SERIES

EcoMonitorPlus | Advanced

EcoMonitorLight | Compact

Let's power your next project.

Our team can help with selection, pricing, and technical guidance. Authorised partner, genuine products, full warranty.
